

Corrections to Charming Totes Two

Medium Tote

Diagrams 9 & 10 did not appear on some copies of the pattern - these diagrams are referred to on page 5

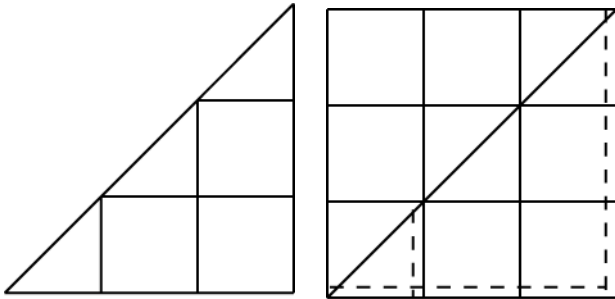

Diagram 9

Diagram 10

Handles

There is no lining for the handles on the medium tote bag. The handle is made from charm squares cut in half. Use the following instructions instead.

- Stitch 5 charms together end to end to form handles. Cut in half the long way so you have 2 - 2 1/2" x 23". Sew 2 sets.
- Layer strips on 2 1/2" x 23" batting. Layer so fabrics are right sides together and wrong side of fabric is against batting. Sew 2 sets.
- Stitch sides leaving ends open for turning. Trim seams. Turn right sides out.
- Top stitch around handles about 1/4" from edge.

Small Tote

Charm Squares -

There are 30 squares needed instead of 29.

Lining

The lining for the small tote should be 9 1/2" x 12" (cut 2) - instead of 9 1/2" x 9 1/2".
